

# Q3 2025 Regional Sales Report

This report summarizes quarterly sales performance across four regions. Overall revenue grew 12% year-over-year, driven primarily by strong performance in the West and South regions.

## Key Findings:

- 1. West region exceeded target by 18%, led by enterprise deals.
- 2. East region underperformed by 5% due to supply chain delays.
- 3. New product line contributed 23% of total revenue.

## Regional Revenue (USD thousands)

| Region | Q1    | Q2    | Q3    | YTD Total | YoY Change |
|--------|-------|-------|-------|-----------|------------|
| North  | 1,250 | 1,380 | 1,420 | 4,050     | +8%        |
| South  | 980   | 1,100 | 1,350 | 3,430     | +15%       |
| East   | 1,500 | 1,450 | 1,380 | 4,330     | -5%        |
| West   | 1,800 | 2,100 | 2,450 | 6,350     | +18%       |
| Total  | 5,530 | 6,030 | 6,600 | 18,160    | +12%       |

## Product Line Breakdown

| Product            | Revenue | % of Total |
|--------------------|---------|------------|
| Core Platform      | 8,200   | 45%        |
| Enterprise Add-ons | 3,600   | 20%        |
| New Product Line   | 4,180   | 23%        |
| Services           | 2,180   | 12%        |

Recommendation: Increase investment in West region enterprise sales and accelerate new product line rollout to East region to offset supply chain headwinds.
